

Australia

Sophisticated electronics for minimal radio frequency interference (ADR and ECE R10 compliant)

Range of 1.3km for Pencil Beam or 800m for Spread Beam (at 1 Lux)

Power supply 9-32V DC, overvoltage and reverse polarity protection

Robust metal housing

Sealed housing rated to IP X9K and IP 6K7

Vibration resistant and environmental protection for extreme conditions

## THE NEW HELLA RALLYE 4000 LED

# DESIGNED TO PERFORM, BUILT TO LAST

The new Rallye 4000 LED driving lamp from HELLA combines performance and durability like never before.

Available with a spread beam or pencil beam that provides 1 Lux at a range of 800m or 1.3km respectively, the Rallye 4000 LED offers exceptional performance.

With a robust, all-metal, sealed housing that protects against both dust and water ingress – and able to withstand high-pressure washing – its unparalleled durability is where the Rallye 4000 LED really shines.

Rallye 4000 LED Driving Lamp

1365LED Pencil Beam
